

# NOT ALL ENGINEERED WOOD IS CREATED EQUALLY

Trus Joist® EWP offers high quality and reliability solutions backed by service that other companies just can't match. Trus Joist's expertise and service can make building homes easier and more efficient and help reduce the amount of product used, improve build times and enhance homeowner satisfaction. Whether it's floors, walls or roofs, Trus Joist can help you with all of your building needs.

To get started, simply bring in your project plans and get:

- Design review with options for building improvement
- Optimized structural frame performance
- Products backed by a lifetime warranty
- Access to experienced teams of engineers, designers, and jobsite support
- SFI certified framing materials
- Estimated number of NAHB National Green Building Standard points
